R = resistant; MR = moderately resistant; MS = moderately susceptible; S = susceptible;

Blank spaces = no data

Reactions scored during 2004, 2005, 2006 and/or 2007. Obtain new information each year due to expected changes in reactions over time.

* Leaf Blotch due to *Stagonospora nodorum*, *Bipolaris sorokinianum* and/or *Pyrenophora tritici-repentis*

** Two asterisks indicates variety reaction could not be adequately determined.
